

2011 Conference

**Biodynamic
Association**
vital soil, vital food

THE FUTURE OF AGRICULTURE

A BIODYNAMIC APPROACH

Biodynamic farms and gardens consistently achieve outstanding results in soil fertility, animal health and food quality. This conference is for everyone who is interested in exploring further this unique approach to organic and sustainable food production.

Keynote Address
Patrick Holden
(Patron - Biodynamic Association)

10 - 13 November 2011
Emerson College, Sussex
